41 Feared Dead When Air Liner Crashes, Burns

MT. CARMEL, Pa. (AP)—A United Airlines plane crashed in flames near this anthracite area town today. Forty-one persons were believed killed.

U.A.L. headquarters in New York said the plane apparently was Flight 624, bound from San Diego to New York with 37 passengers and four crew members aboard.

Ed Darlington of radio station WCNR at nearby Bloomsburg said "there was no sign of life and apparently everybody was killed."

Darlington said the plane crashed into a transformer on a high tension wire at 12:41 p.m. E.S.T.

The plane's logbook, found near the scene of the crash in a thickly-wooded area, identified the plane's pilot as Capt. George Warner of Chicago. The stewardess was listed as Lorena Berg, address not known.

Darlington said reports from eyewitnesses said "there were between 35 and 40 bodies strewn all over the place."

State police were unable to get close enough to the wreckage to determine the number of casualties.

Witnesses said the plane "disintegrated" after hitting a high-tension wire which carried 16,000 volts. A reporter for the Bloomsburg Morning Press said the plane apparently exploded from the electrical charge.

SCATTERED FAR

He said bodies, arms and legs were strewn over an area of 200 to 300 feet after the plane had crashed into a hill, not far from the transformer.

More than an acre of brush was burned by the blazing wreckage.

The reporter said no bodies were in the plane "because there just isn't anything left of the plane."

State Of Emergency Asked In Malaya

SINGAPORE (AP)—The government of Perak state, where three European planters were murdered Wednesday, asked the Malayan federal government today to declare an emergency in the whole state.

An emergency was declared in two districts of the state Wednesday, as well as in all of Johore state.

At Kuala Lumpur, the federal executive council held a special meeting to study current widespread lawlessness and terror in Malaya, which some officials say is Communist-inspired.

Police said they had identified the slayers of the three planters as members of Lui Pong Pai, which they described as Communist "gang." Latest reports from Perak said the situation was quiet.

Mediator Goes To Tel Aviv To Talk Peace With Israel

CAIRO (AP)—Count Folke Bernadotte took off for Tel Aviv today to talk with Israeli leaders about permanent peace plans for Palestine. The first week of a 28-day armistice ends tonight.

Bernadotte, mediator for the United Nations, had been talking with Arab leaders here for the last two days.

Just before he left, a letter he wrote to Premier Mahmoud Fahmy Nokrashy Pasha was made public promising the military situation in the Holy Land will be restored to what it was when the truce took effect.

Bernadotte's letter, in response to Nokrashy's complaints of Jewish truce violations on Palestine's southern frontier, said:

"I can give you formal assurance that necessary measures will be taken toward restoring the military situation to what it was June 11, 1948, at 0600 G.M.T."

In Tel Aviv, Bernadotte intends to ask Israeli authorities whether they plan to send consultants to his headquarters on the island of Rhodes. He said

Russians Return To 3 Committees Governing Berlin

BERLIN (AP)—Three committees of the Allied Kommandatura for Berlin met today, with the Russians present despite their angry walkout Wednesday night from the Kommandatura itself, last functioning four-power agency in the city.

They stalked out of Wednesday's long session shouting: "There won't any next meeting," Col. Frank Howley, the United States representative at that meeting, said he believed the Russians intend to boycott the Kommandatura, as they have the Allied Council for Germany since March 20. A Russian walkout broke up that agency.

Kommandatura attaches said today's public works, finance and economy committee meetings proceeded normally. Nevertheless, British officials said they were prepared to accept the view that the Russian walkout on the Kommandatura itself is final, until there are some indications to the contrary.

TO MEET JUNE 25

The first such indication probably will come June 25, when the deputy commandants of the Kommandatura have a meeting scheduled.

Col. Alexander Jelisarov, who led last night's walkout, is the man slated to attend the deputies' session for the Russians.

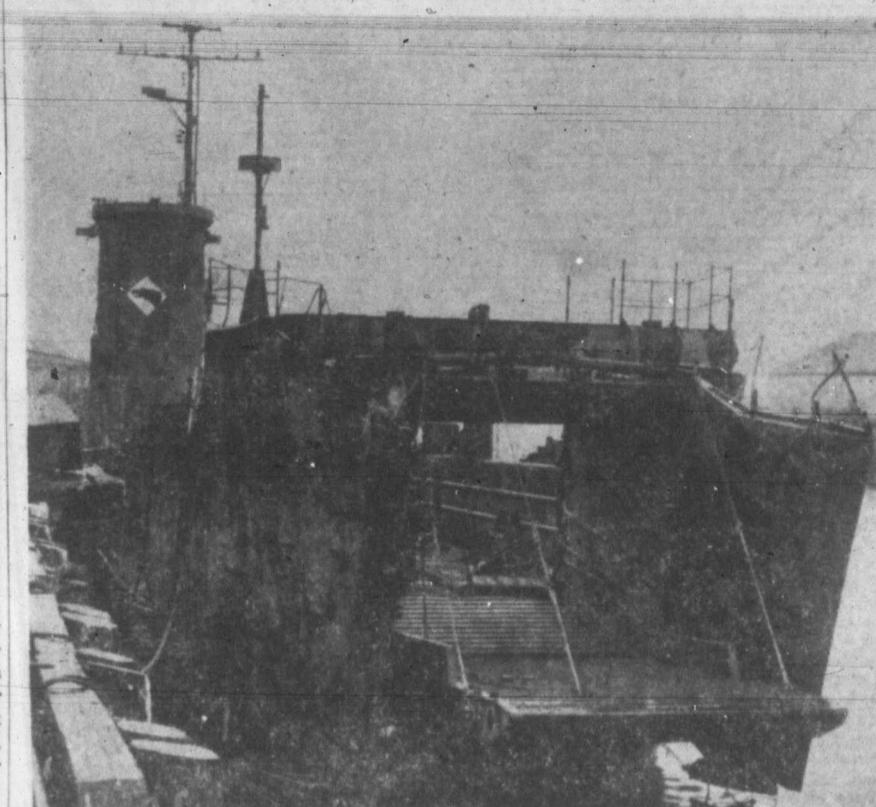

Sir Malcolm Campbell Has Eye Operation

LONDON (AP)—Sir Malcolm Campbell underwent an eye operation today. St. Mary's Hospital said it was too early to say whether the operation was successful.

Sir Malcolm underwent an unsuccessful operation last year before he failed in his attempt to better the world speedboat record with his jet-propelled Blue Bird II.

Before the operation Sir Malcolm said it would decide whether he will attempt to beat the record again.

Conversion Job Puts 150 To Work In Shipyard

Victoria Machinery Depot Co. Ltd. has now begun a conversion job which will mean about five weeks' employment for an additional 150 shipyard workers, Thomas Moffett, V.M.D. engineer, reported today.

The conversion work is on a former U.S. landing craft known above served in the Pacific war. She is being converted into a cargo vessel, and Mr. Moffett estimates it will take 150 men, working a three-shift day, nearly five weeks to complete.

The 203-foot landing craft, used for carrying and landing motor transport, presents an unusual conversion job for V.M.D. which has been doing considerable conversion work to date but on the more normal type of ocean vessel.

Frozen Salmon Exports Halted, Mayhew Announces

OTTAWA (CP)—Fisheries Minister Mayhew announced today in the Commons the government had decided to prohibit the export of frozen British Columbia salmon.

He said the action was being taken to protect both the fishermen and the canning industry on the west coast.

The government announced last April 8 that British Columbia fishermen would be permitted to export, without restriction, raw spring salmon. Export of fresh coho salmon was also permitted, but the government ordered that fresh soysyes, pinks and chums had to be retained for Canada for processing.

Mr. Mayhew said there were indications that the government's plan to protect the canning industry would be defeated by the export of large quantities of sockeye, pinks and chums in frozen Blue Bird II.

Before the operation Sir Malcolm said it would decide whether he will attempt to beat the record again.

Rearrested in Germany

FRITZ KUHN

MUNICH, Germany (AP)—Fritz Kuhn, German-American Bund leader, was recaptured today. Munich public safety officials disclosed.

Kuhn escaped from the German internment camp at Dachau under mysterious circumstances Feb. 4. The camp director, Anton Zirngibl, was dismissed as a result.

Kuhn had been awaiting trial before a German denazification court. He was convicted in absentia April 20 and sentenced to 10 years at hard labor as a "major Nazi offender."

Kuhn was captured in the French zone town of Bernkastel, near Trier, by German police. He plans to return to his Rhodes headquarters tomorrow.

U.S. Police Seek Man In Vancouver

VANCOUVER (CP)—U.S. authorities today asked police here to watch for Wisconsin man wanted for questioning in connection with the slaying of his wife.

R.C.M.P. were advised that John J. Hoffman, alias J. J. Zimmerman, 31, is believed heading in the direction of Vancouver. His wife, Mollie Dora, 24, was slain June 5 in a trailer at Mauston, Wisconsin.

Police were told Hoffman had taken his children to his parents at Melville, Sask., six days before Mrs. Hoffman's body was found in the trailer.

Condition Serious After Eating Crayons

SAN MATEO (AP)—The community hospital here has a blue baby—but from an unusual cause.

Diane Pastorelli, four, turned blue because of eating colored crayons, her physician reported today. He said her condition was serious.

Indonesia Peace Talks Believed Near Collapse

By NORMAN ALTSTEDTER

LAKE SUCCESS, N.Y. (CP)—The United Nations' Security Council today took up the problem of Indonesia, where a crisis seemed to be developing after months of quiet.

Some high U.N. authorities fear that a complete collapse of Dutch Indonesian peace talks is imminent.

The new turn of events came as the Security Council scheduled a meeting to consider a series of reports from the council's good offices committee on recent political developments in west Java and Madura.

The council also had before it the atomic control problem, carried over from Wednesday. It was agreed the atomic issue would be taken up after the Indonesian problem was discussed.

The good offices committee told the council Wednesday in a cable that Netherlands officials had informed the committee they thought it advisable to suspend the discussions with the Indonesians for the time being.

A report from U.N. officials in Batavia said a serious situation had developed there after publication of a confidential proposal which Coert Dubois, United States member of the good offices committee, had submitted to the Dutch and Indonesian representatives.

The Dutch rejected the proposal and they also refused to attend a meeting of the steering committee of the Netherlands-Indonesia conference.

SHARP REBUKE

In the council's Indonesian debate last week, Netherlands representative Dr. Elco N. Van Kleefen delivered a sharp rebuke to the delegates for permitting what he called trivial discussions.

Van Kleefen's flare-up followed Indonesian charges that the Dutch were trying to break up the Indonesian Republic by sponsoring the creation of a separate state in west Java and Madura. The Indonesian representative cited two reports from the good offices committee which he said bore out his contentions.

The council today also expected to record its 27th veto, with Russia blocking a United States proposal for international control of atomic energy.

Damage Light

WINNIPEG (CP)—Grasshopper damage to crops in Manitoba generally is expected to be light this year in comparison with the bad years of 1938 and 1940, a survey indicated today.

Get Thorium Supply

MANILA (AP)—The Melbourne radio said today that Australia is concentrating thorium from sand on her east coast beaches for use in atomic energy projects. There was no elaboration.

Action was taken to protect B.C. fishermen and fish-canners.

But the order was worded so that it did not halt the freezing of salmon overnight and exporting the frozen fish to the U.S. where it could be canned.

This comment came from provincial fishery department officials who recalled that the federal government passed an order-in-council some time ago, at the request of the fishing industry here and the provincial government, prohibiting the export of canned fish.

The council today also expected to record its 27th veto, with Russia blocking a United States proposal for international control of atomic energy.

Machinery For Dikes

OTTAWA (CP)—George Cruickshank, Lib. Fraser Valley, asked Works Minister Fourier in the Commons today whether his department had taken steps to buy equipment to dredge and rebuild the dikes of the Fraser River. Mr. Fourier said consideration now was being given to the projects.

The Fraser's steady fall was matched by a one-foot drop in the Columbia level at Trail, 230 miles east. At Revelstoke, where the Arrow Lakes system starts its downward run to join the Columbia, a rise of six inches was recorded.

Mainline rail connection with the east is open today over Canadian Pacific tracks for the first time in almost three weeks.

A survey of flood damage in sections of the province other than the Fraser Valley will be made immediately by Lands and Forests Minister E. T. Kenney.

The provincial cabinet today

authorized the minister to tour the province and report back on damage done as well as submit recommendations regarding repair and rehabilitation.

On approval of any such recommendations, immediate action will be taken by the government to carry them into effect, it was stated by Premier Byron Johnson.

No financial assistance from the federal government is expected in any flood areas other than the Fraser district.

Kenney To Survey, Report On Floods Outside Fraser

A survey of flood damage in sections of the province other than the Fraser Valley will be made immediately by Lands and Forests Minister E. T. Kenney.

Victoria Loses Nothing

REGINA (CP)—Acting Premier C. M. Fines of Saskatchewan said today there was

nothing unusual about Ontario's decision to accept the federal health scheme proposal.

"Ontario loses nothing by accepting, but Saskatchewan would be much happier if Ontario would agree to co-operate in some of the Dominion Provincial provisions that call for a little giving as well."

Mr. Fines said the federal health scheme as proposed was only a very small part of what the 1945 Dominion Provincial agreement would have supplied if Quebec and Ontario had been in agreement with the remainder of the provinces.

Ronald Forbes won the scholar-

ship award with an average of

98.5, and also received the annual science award from H. D. Walls, science teacher on the staff. Diana Sawyer compiled a year's average of 97 per cent.

Trophy winners in track and field were: Gordy Pynn and Audrey Lock, senior; Earl Barons and Catherine Kennedy, intermediate; Ray Lee and Val Brown, junior.

Complete list of boys and girls' large "V" awards for the year follows:

BOYS

Third year—Roy Erickson, John Moffatt, Gordon Pynn, Bhagat Singh.

Second year—Alister Boyd, Walter MacDonald, Russ Dempster, Elmer Matthews, Peter Fowles, Gordon Minnes, Bill Henderson, Bruce Taylor, Dave Jones, Bob Howe.

First year—R. Affleck, R. Bartlett, A. Blair, B. Caviness, A. Cochrane, G. Cox, M. Davidson, I. Firth, W. Harrison, D. Hendry, R. Hudson, B. Ingram, M. Johnson, N. Kowalyk, B. Langford, K. Lore, R. Logie, A. McIntosh, J. McWilliams, M. Mackie, B. Madely, A. Marks, R. Orchard, G. Parker, B. Peterson, C. Porter.

Tourists Getting Canadian Dollars At U.S. Discount

MONTREAL (CP)—Those good old free-spending days by American tourists are apparently over.

Visitors from below the border are getting wiser. Instead of bringing American dollars with them, they are bringing Canadian funds purchased in United States banks at a discount, according to a survey by the Montreal Gazette.

Hotels and rooming-house operators, amusement places, handicraft shops and other establishments which do substantial business with tourists said that although there are more tourists this year, the number of U.S. dollars passed out has greatly decreased.

By purchasing their Canadian money at home, Americans save approximately seven cents on every dollar. While U.S. money is only accepted at par in Canada, Canadian dollars can be bought for about 93 cents on the New York market.

Some observers here report that Canadian dollars can be bought on the black market and from other sources as low as 87 cents in U.S. currency.

An official of the Foreign Exchange Control Board said Americans wanting to bring Canadian money into Canada can do so without any trouble. Funds are obtainable at banks and in most cases drafts are made out.

A manager of one of Montreal's large hotels said his business was much heavier than last year, but the number of bills paid with American money had shrunk considerably.

Ontario To Pay More For Bottled Beer

TORONTO (CP)—Price of beer in Ontario has been increased by 22 cents a 24-pint case.

Liquor Commissioner William Griesinger, announcing the first increase in the beer price since 1943, said the rate for a 24-pint case would be \$3.75 instead of \$3.50, effective today. At the same time the refund on empties would be boosted to 75 cents from 72 cents.

Mr. Griesinger said that at the new rates beer still could be bought for less in Ontario than in any other province.

Some quarters here expressed belief the size of glasses for draft sale of beer would be reduced to 8½ ounces from the present nine ounces.

Accepting Freight

WINNIPEG (CP)—The Canadian National Railways today announced the lifting of the embargo on the movement of freight to Vancouver and Prince Rupert. The only restriction placed on traffic is that it will be moved subject to delay because of the concentration of track forces and equipment on the section of line affected by spring floods at the coast.

World Record Set
For 4½ Furlongs

NEW YORK (AP)—A world record for a straight four and a half furlongs was established in first race on Wednesday's second and final program of the United Hunts meeting at Belmont Park. Algasir, a juvenile bay gelding by Sir Gallahad 3rd-Alpoise making his first start, burned up the Widener course in 50 45, beating the former world mark by one-fifth of a second. The win paid off at \$92.20 for \$2.

Second Serious Blaze In Year Hits Airport

Flames crackle through the standing portion of hangar wall after fire destroyed a hangar and planes worth more than \$750,000 at the St. Joseph, Mo., municipal airport. More than 20 planes were lost in the second serious blaze at the former U.S. Army Air Force field in less than a year.

Plan Appeal On Ruling Barring Jews, Negroes

TORONTO (CP)—John R. Cartwright, Toronto lawyer, Wednesday said a ruling by Mr. Justice W. F. Schreder upholding a land deed which prevents Jews, negroes or members of other colored races from buying or occupying property at a summer resort in Grand Bend, near London, Ont., will be appealed.

Cartwright is acting for Annie Maude Noble, who has applied for a ruling that the restriction was illegal, but this was refused. The issue will be dealt with by the Ontario Court of Appeal.

University Founder Dies

MADRAS, India (CP)—Raja Sir Annamalai Chettiar, 67, founder of Annamalai University, died Tuesday night. He was a governor of the Imperial Bank of India and had extensive business interests in India, Ceylon, Burma, Malaya States and Cochin, China.

Former Victorian
Named Consul

OTTAWA (CP)—Charles Norman Senior, 56, former newspaper man, has been appointed Canadian consul in San Francisco, the government announced today.

Mr. Senior, a native of Toronto, began his newspaper career as a reporter with the Toronto Daily Star. Later he was a reporter for the Victoria Daily Times, from where he went to the staff of the old Vancouver World. For part of the First Great War he was in Ottawa, with the military service administration. Afterward he was Press Gallery representative in the B.C. Legislature for the Vancouver Sun.

From 1938 until this year he was private secretary and executive assistant to Rt. Hon. Ian Mackenzie, when Mr. Mackenzie was Defence Minister and later Pensions Minister and Veterans' Minister. When Mr. Mackenzie was appointed to the Senate, Mr. Senior joined the External Affairs Department.

He compiled the book "When the Boys Come Home," published in 1944.

4 Persons, 2 Groups Face Lobby Charges

WASHINGTON (AP)—Congress made history today by passing major legislation over President Truman's veto for the third time in four days.

The No. 3 bill is one letting railroads make rate agreements of a kind now barred by anti-trust laws.

Final action was completed by the House by 297 votes to 102. This was 31 votes more than the two-thirds needed to make the measure law over the President's objections. The Senate had overridden the veto 63 to 25 Wednesday.

The plane, a Dakota, came down unexpectedly in the early hours of the morning. Its crew included two pilots, a navigator, a wireless operator and a flight engineer.

Two women, and two boys, 8 and 14, were aboard.

The other passengers were identified as men of military age, some of them married to English women still in Britain.

An R.A.F. officer at the air-port reported:

"They were all extremely pleased to get here. Most of them left the country because they had English connections. One of the men had to leave the country."

The Senate overrode the veto

Wednesday by a 63-to-25 vote. The House vote is expected to be equally one-sided.

Last Monday the Senate and the House put on the law books over the President's objections a social security bill which Truman claimed would bar 750,000 persons from old-age benefits.

Wednesday the two branches nullified his veto of a \$975,914,700 appropriation bill which the President had rejected because it transfers the United States Employment Service from the labor department to the federal security agency.

GLASGOW (AP)—William Morris Jr., New York and Hollywood producer, said Wednesday Sir Harry Lauder is going to Hollywood in August, 1949, to supervise and take part in a color film of his life.

The Scottish music Hall star, now 79, has been in partial retirement for 10 years.

Morris said several film companies are dickering for permission to make the film.

DAMAGE was sustained by two cars driven by Donnell O. Cameron, 3245 Beach Drive, and Charles H. Williams, 819 Yates Street, when they met in collision at Shelbourne Street and Hillside Avenue yesterday, city police reported.

A GREAT EVENT ON OUR SECOND FLOOR

Amazing Value

in our

DRAPERY CLEARANCE

There are still wonderful buys in the special groups and tables of remnants on our second floor. Drapery lengths, 5 to 10 yards. Slip Cover lengths for chairs. Crettones, twills, roughtex, homespuns . . . they are all here and at amazing reductions.

FRANCE AND HER FUTURE

ALTHOUGH IT WAS ACCOMPLISHED by a narrow margin, as had been expected, the French Chamber of Deputies early today ratified the London Agreement under the terms of which western Germany eventually will be in a position to attend to her own internal business with the minimum of Allied control. The signatories to the new arrangement are Great Britain, the United States, France, Belgium, The Netherlands and Luxembourg. But the door will be left sufficiently ajar to admit the Soviet Union any time she may feel disposed to help to bring to fruition the provisions of the original Potsdam Agreement—a plan for the former Third Reich to take her place as a political unit in a peaceful world.

It is not surprising, of course, that the French people find no special comfort in the prospect of a Germany—or, at least, a western Germany—left more or less to her own devices in either the political or industrial sense. The bitter lessons of history are remembered by millions who require no military interpreter to elucidate the significance of the Prussian jackboot. Thrice in a trifile more than three-quarters of a century France has been ravaged by the soldiery of the world's super-race. And a people with vivid memories of those experiences is not easily convinced that at some point in the strange geometry of Providence it may not be exposed to another visitation from an ancient or new enemy. In the light of present-day realities, however, such an extremely lugubrious view of the future is not altogether justified. For, despite visible disturbing evidences to the contrary, new progressive forces are at work.

The sinister factor impinging upon the decision of the French National Assembly today, however, is a wave of strikes which is bidding fair to cripple the economic life of the Fourth Republic unless wisdom is allowed to supplant a species of wild enthusiasm for an assault on constituted authority. Naturally enough French workmen want more reward for their labors. Their demands are by no means original. Workers in the other five western nations whose signatures are appended to the London Agreement are following a similar procedure—but not with quite the same composite ideological-political-economic threat hanging over them. And it is this consideration, as far as France is concerned, which somewhat dilutes the hopeful action of the Chamber of Deputies.

In the final analysis, therefore, it is fitting to speculate upon what body of public opinion in France fears the rejuvenation of Germany in part or as a whole, and what element has reached the conclusion that a Communist Europe would better the conditions of a people who rose in their wrath against a feudal tyrant in the latter part of the 18th Century and dedicated themselves to the philosophy of Liberty, Equality, Fraternity. Surely the fortunes of the France of today will not suffer by a close working association with those western nations that are implacable in their resolve never to bow down to the dictates of the police state. And as that resolve develops its strength, moreover, even Communist Russia may see the light of reason and agree to add her contribution to peaceful progress.

CAUSE AND CURE

THERE WAS WARNING AS WELL AS commendation in the address of Mr. Graham Towers, Governor of the Bank of Canada, as he spoke in Winnipeg today to the 13th annual convention of the Junior Chamber of Commerce of Canada. For although the speaker, one of the nation's leading financial experts, was able to report that the "uninterrupted drain" on the Dominion's reserve of United States dollars which characterized 1947 has been halted, and this country is "a little more than holding her own," the situation is still somewhat precarious in that our reserve is not yet as large as it should be. Mr. Towers pointed out that while at present levels of international trade a reserve of \$500,000,000 may have been adequate, at today's larger volume and higher prices it no longer provides a "comfortable cushion." It is therefore necessary that the present efforts to cut down on spending in the United States and increase American purchases in Canada be continued.

The reversal, even by a small margin, of the trend whereby this country was rapidly going bankrupt in regard to currency with which to pay debts in the United States, is a matter for congratulation to the people of Canada. It shows that firm measures and a united national will can be effective in overcoming a serious threat. That threat had arisen from the fact that we were buying about \$1,000,000,000 a year more from our southern neighbor than she was buying from us, plus the additional fact that the overseas countries to which we were selling goods were unable to pay us in needed American dollars, if at all. The only answer was to increase our sales to the United States, including the encouragement of tourist spending in this country, while at the same time reducing our American buying to a minimum. This was the reason for

restrictions on travel funds and purchases "across the line," for the curtailment of imports of green vegetables this spring, and for a host of other minor afflictions. That these measures have been successful in starting us back in the direction of international trade security should remove much of the public annoyance which they aroused. They were necessary—and they worked.

Mr. Towers termed an "illusion" the belief that the "Marshall Plan" to aid Europe would also prove the answer to Canada's dollar problem. The plan will offer a certain amount of relief in adjusting our balance of trade with the United States. But, as the head of the Bank of Canada pointed out, the ultimate solution "must be an increase in Canada's productive capacity."

We must have an abundance of goods, not only for ourselves, but to ship abroad to the United States and the other nations of the world. That is a forthright program in which every Canadian may share. In the work of each man and woman lies the prosperity of this country.

PRECAUTIONS OR PRIVATE WAR?

THE RIGHT OF A SHIP'S CAPTAIN, HIS officers and men to defend themselves and their vessel from physical attack is not questioned. The preparations made for such an eventuality by the operating manager for the Canada Steamship Lines' lake boats, however, will create some question in the minds of most citizens. This official is reported to have stated that the craft are being equipped with tear gas guns, shotguns and revolvers, that steam hoses are being doubled fore and aft, and that "any Commie rats who come aboard our boats will get what they're looking for." At the same time, reported warlike preparations by striking union seamen, and the statement of their leaders that they are "marshalling their forces for a showdown with law officers, if necessary," indicate a need for defence.

That feelings should run high in a strike is understandable. That invasion of private property, in this case a vessel, by unauthorized groups should be repelled is obvious. On the other hand, the provisions made in this instance appear to take on the semblance of a private arsenal. Can the legally constituted authorities not provide adequate protection? Or have the individuals in question forgotten that this is Canada, not a police state? Such conditions may furnish totalitarian interests with ammunition to fire at a country in which democracy is a proud heritage.

THE UNHEARD S.O.S.

PUBLICATION OF FURTHER DETAILS on the new conventions drafted by the International Conference on Safety of Life at Sea will doubtless give technical experts a fuller understanding of the objectives of the new proposal. To the layman, however, the scheme suggests a means of avoiding the tragedy which might occur if a ship in distress sent out calls for help that were not heard because radio operators on nearby vessels chanced to be off duty.

Acceptance of the plan requires approval by 15 countries and will not, in any event, come into force until 1951. The news item dealing with the question offered little further information than the outline of the general aim. The fact that the important marine agency saw fit to give it prominence in its discussions, however, indicates the significance of the move.

Recently, telegraphists and radio operators engaged in passenger service on the British Columbia coast made representations to the Dominion Parliament on an analogous subject. A major point in the case they submitted dealt with the difficulties encountered by men in their jobs in maintaining proper watches when they were engaged in dual positions, frequently dividing their time between the purser's office and the wireless room. The arguments, of course, are not entirely parallel. It is one thing to be in distress a thousand miles from land and another to encounter trouble when a relatively short distance off shore. On the other hand, a man can be drowned in a bathtub. He does not need to fall from a vessel in the middle of the Pacific.

And notwithstanding the fact that the measure introduced into Parliament by a British Columbia member to support the telegraphists' case was defeated, it still engaged the serious attention of virtually all elected representatives of the Canadian Pacific coast who sit in Ottawa. The surface implications of the convention approved by the International Conference on Safety of Life at Sea directs further attention to the movement of British Columbia maritime origin, particularly as that movement concerns the keeping of adequate watches.

OF INTEREST TO ALL

VICTORIA IS HOST TODAY TO THREE worthy Canadian organizations which have done much to aid the cultural and scientific life of this country. The Canadian Historical Association, in the course of its annual meeting, is holding joint sessions with the Royal Society of Canada and the Canadian Political Science Association. The papers to be read will deal with subjects reaching deep into the nation's past and projecting far into its future—the cultural building blocks and the technical achievements that mark the progress of a country and determine its character. The city welcomes the men and women connected with the conference, particularly Prof. F. H. Soward, president of the Canadian Historical Association and a visitor well known in Victoria. From their deliberations and activities should come much of value to improve, and enhance the Canadian way of life.

Walter Lippmann

BERNADOTTE AND LIE

ON THREE SUCCESSIVE DAYS last week three men were heard from who understand the United Nations and are determined to make it work.

On Wednesday Count Folke Bernadotte, without any military force at his disposal but with diplomatic support from the great powers, succeeded in mediating a truce in the Korean conflict.

On Thursday the Secretary General, Mr. Trygve Lie, speaking at Harvard, brought forward a proposal of the Secretariat to raise "a small guard force as distinct from a striking force," to be at the disposal of the United Nations.

On Friday Senator Vandenberg obtained a decisive vote (64 to 4) for his resolution which is in substance a vote of confidence that the present Charter need not be scrapped because it can be improved and used more effectively.

THE INITIAL SUCCESS of Count Bernadotte has shown that the basic conception of the United Nations is sound: that is to say that when the great powers are able to agree that they prefer peace to war, then small wars (which could become big wars) can be localized, the fighting regulated and reduced, and the opportunity to mediate the issues created. That is not everything. But it is a very great deal, and no one who understands the Charter or the realities of world politics would expect more. He will not expect the U.N. to resolve the great conflict between East and West. He will know that that can be done only by diplomacy or by war.

But he has a right to expect that the secondary conflicts, of which Palestine is a conspicuous example, can be dealt with through the U.N.—and without the intervention of large forces.

THE ROOT of the American vacillation on Palestine was the belief, based on misinformation and misunderstanding, that the partition recommended by the General Assembly could be carried out only by the intervention of a large international army. Last winter it was the general view—shared by many supporters of Zionism—that an army at least as large as the British, upward of 70,000 men, would be needed to "enforce" partition. Quite rightly, if that was true, Mr. Marshall and Mr. Forrestal refused to send American troops to fight Arabs and Jews in the Holy Land.

But in fact, as events have shown, no international army was needed to enforce partition. What was needed was diplomatic action to induce the acceptance de jure of the partition which existed de facto.

MR. LIE IS NOW ASKING for permission to recruit "a comparatively small guard force" by voluntary individual enlistment, after careful screening, and presumably from among the middle and smaller powers. The purpose of this guard force would not be to coerce armies—Abdullah's Legion, the Haganah, King Farouk's troops. Its purpose in Palestine or elsewhere would not be to wage war on behalf of the U.N. against an aggressor. The U.N. guard would be much too small for that.

Its purpose would be to make visible to the excited and angry people at the scene of the dispute the authority of the United Nations when, as is now the case in Palestine, as has been the case in Indonesia, as may be the case in Kashmir, the U.N. has agreed to mediate.

THE CANADIAN DELEGATE to the U.N., General McNaughton, has raised the one objection to this proposal which needs to be met, saying that "It is unwise to mix moral and military force... We must think many times before we swing over to military force and compulsion." But that precisely is the point of Mr. Lie's proposal.

The U.N. guard would not be a military force and it would be quite incapable of exerting compulsion. It would consist of a few hundred men, without artillery, tanks, airplanes, battleships, but wearing a distinctive uniform and carrying token weapons. They would not be an army, probably not even a constabulary, scarcely a police force. They would be more nearly like the Swiss guards which the Popes maintained in Vatican City—not a military force at all against actual armies but a reminder to individuals, who might forget themselves, to respect the order and dignity of the Papal See.

THE POWER of the U.N. guards would consist solely in the fact that, like Count Bernadotte, Mr. Bunche, and a handful of military observers today, they were the outward and visible sign that the United Nations were present.

To the local forces and the inhabitants who cannot be expected to understand the Charter, even if they could read it, these U.N. guardsmen in their uniforms and with their insignia would be the symbol of the universal organization which all the powers of the earth have created in order to preserve the peace.

Mr. Lie's proposal should not be confused with the attempt to create a powerful international army under Article 43 of the Charter.

A GLANCE AT THE PROPOSALS which have been discussed would show that the generals and admirals have been talking about an international force on which they will never agree.

Mr. Lie's proposal is on a wholly different plane. It lies within the field of what is possible now, desirable now, and necessary, if the U.N. within its competence—is to make progress.

Painful

Germany In The New Western Europe

By P. O. LAPIE (Former French Cabinet Minister, Member of the National Assembly)

EVER since the break between Russia and the other three great powers at the London Conference on December 4, 1947, Europe has somehow gone on organizing despite the fact that no peace treaty has been signed with Germany. This new organization still includes the International Control Commission in Berlin, although there have been many differences within that body, some of them serious. But at the same time, the zones of Western Germany are represented in international conferences, notably the Sixteen Nations conference. The European Economic Co-operation agreement was signed on April 16, not only by the 16 powers, but by General Sir Brian H. Robertson for the Anglo-American occupation zone and by General Koenig for the French zone. Thus Germany enters once more into the economic organization of Europe.

When President Truman spoke last December 19, he made it very clear that, although Germany's resources should be used to help rebuild Europe, that country should never be placed in a position to dominate Europe or threaten the peace of the world. France welcomed those words, feeling that they really covered the question, and she wants to see the Marshall Plan applied in the terms of that speech made by the American President. And above all it is in the light that one should interpret Article 15, paragraph 4, of the law on aid to Europe, which would permit the Administrator of the Plan to ask for a reduction of reparations and stop the transfer of German factories.

RESOLUTION FRAMED

At the European Socialist Congress a special committee studied the German problem, especially that of the Ruhr. German Social-Democrats were represented on that committee. A resolution was drawn up. It was an attempt made in conjunction with the Germans to draft a proposal for placing the mineral and metallurgical wealth of the Ruhr at the disposal of Europe. But for various reasons and chiefly because some of the delegations wished to consult their respective parties, the resolution was never discussed in the general assembly. It is a pity, for a resolution on the German problem sup-

ported by 14 European countries, including Germany, would certainly have contributed much to the organization of Europe.

Under these circumstances, I can only give my personal point of view. It includes four proposals:

- 1—Expropriation of the Rhine-Westphalian industrial basin.
- 2—Socialization of the basin.
- 3—Inclusion of this basin, reserving its political future, in a European collective organization to control the coal and steel industries.
- 4—The socialization should be international from the economic point of view, but it should not mean territorial dismemberment or political separation from Germany.

CHINESE RESENTMENT

Not only the Chinese left-wingers were sore about this. So were the rich middlemen class of Chinese, who control much of Malaya's business, belong to the Kuomintang, and contribute to Nanking's coffers.

Somehow, recently, the alleged Communists in the interior have begun bumping off some of these Kuomintang middlemen. More recently they have begun shooting white planters.

What is Britain doing? In addition to emergency measures in Malaya itself, she has sent Commissioner-General Malcolm Macdonald to Nanking where he talked with Chiang Kai-shek about undisclosed matters. He also denied the statement of a British naval spokesman that the British Pacific Fleet headquarters were being moved down to Singapore from Hong Kong.

When Malayan questions arose in the House of Commons, a Colonial office spokesman in London said there was an organized campaign in Malaya to upset the economy through labor unrest. He declined, however, to confirm the statement of a foreign office source that the unrest is Communist inspired.

CLIPPED at RANDOM

WELL BALANCED Brandon Sun

It is not any one resource, however big it may be, that gives Canada importance and makes her what she is today, but the complementary nature of her resources and the "wholeness" they give her economy.

PRACTICAL PREFERRED Montreal Star

Though the British Labor Party still has a strong wing full of undimmed faith in socialism as an immediate panacea, the executive and the government are more concerned with what is workable and practical, than what is theoretically prescribed.

PERMANENT MOTHPROOFING U.K. Information

A new scientific discovery which guarantees permanent mothproof woolen cloths has been announced in London by the International Wool Secretariat. The discovery hinges on years of research into means of making wool indigestible to moth grubs. The usual method of mothproofing has been to add anti-moth chemicals to the surface of the fibre and this has always had the drawback that the chemicals eventually washed off. Now, by soaking wool in a certain solution, the fibres can be rapidly changed from the moth grubs' favorite food to something it can't digest at all.

AMBITION Edmonton Journal

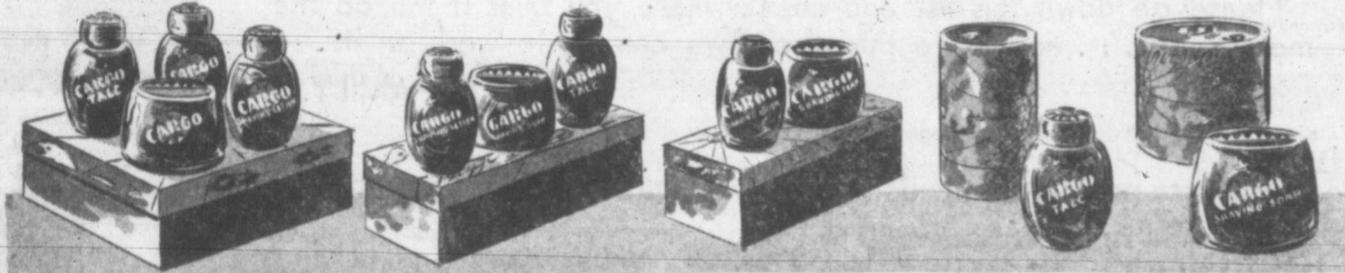

The British navy is reported studying an application for enlistment by a youth who wrote: "My father was a seaman who fell overboard and drowned, and I would like to follow in his footsteps."

Oak Bay Claims Waterworks Sale Means \$1,000,000 Gain To City

Assertion that a \$1,000,000 capital gain would be made by the City of Victoria in purchase of its water supply system for \$3,472,628 was made in a resolution passed by Oak Bay council Wednesday evening.

The resolution, moved by Councillor P. A. Gibbs and seconded by Councillor C. C. Annett, resolved that the council inform the Public Utilities Commission that the sum of \$3,472,628 to be paid Victoria by the Greater Victoria Water District for the city's water supply system was an appraisal value of the system and "includes an arbitrary enhancement of cost or book value and stated to be calculated on present-day values."

Says Exaggeration Marks Complaints Of Oak Bay Buses

Councillor P. A. Gibbs Wednesday evening told Oak Bay council that, following investigation, he had come to the conclusion that reports of vibration caused by buses on Oak Bay routes were exaggerated.

He was immediately confronted by Councillor George Ellis who jokingly suggested that he was willing to go so far as to invite Councillor Gibbs to stay at his house for a week so that it could be proved the complaints were not exaggerated.

(At an earlier meeting, Councillor Ellis supported complaints by some residents that the buses were causing vibrations in the homes. He suffered it in his own home, he told the council then.)

On other transportation matters, Councillor Gibbs recommended that stop signs be placed at St. Patrick and Central and asked for a police check on traffic and accident records there.

He also supported the complaints of residents against buses on the Falkland-Central-Victoria-McLaren loop and the council decided to have the transportation chairman and the engineer discuss the matter with the B.C. Electric to see if some alternative route could be selected.

They'll Do It Every Time.

Proposes \$75,000 Water Loan By-Law For Oak Bay Work

Recommendation that Oak Bay put through another water loan by-law for \$75,000, possibly in conjunction with the municipality's street lighting project, was made by A. S. G. Musgrave, municipal engineer, at a meeting of Oak Bay council Wednesday evening.

Councillor George Ellis said he did not think the system would be 75 per cent effective and spoke in favor of continuing the present 15-mile-an-hour speed limit in school zones.

Reeve R. A. B. Wootton, commenting on remarks by Councillor Musgrave that some motorists had been speeding right through the crossings while school children occupied them, said there were certain types of motorists who would not be controlled, even if there were 20 regulations, unless a police officer was present.

The council finally decided to secure a report on the matter from the Oak Bay police chief and from the city police department now experimenting with the type of school crossing favored by Councillor Murdock.

By-Law Introduces Hedge Restrictions

Regulations covering the distances trees, shrubs, hedges and bushes must remain from Oak Bay street lines were continued in a by-law introduced by Oak Bay council Wednesday evening. If the by-law comes into force it will prohibit the planting of trees, shrubs, hedges or bushes less than 18 inches from any street line in the municipality and will, in addition, require their removal or trimming if required for the sake of public safety or convenience.

Provision is made to impose a fine of \$5 and costs on anyone found guilty of a breach of the regulations.

Would Name Garden After Engineer

A. S. G. Musgrave, municipal engineer, had a few embarrassing moments at Oak Bay council meeting Wednesday evening when an Oak Bay resident suggested naming a park after the engineer, and although he shook his head against the idea, the council tabled the suggestion for consideration.

The proposal came from T. I. Loker, 2453 Hampta Street, who wanted the garden now being prepared at the Thompson-Esteven intersection to be officially named "Musgrave Garden."

In supporting his suggestion, Mr. Loker wrote: "Mr. Musgrave's fine engineering work has had more to do with the permanent shaping of Oak Bay than any other person, and he will continue to do so."

Compliment Mayhew

Oak Bay council is sending a letter of congratulation to the Hon. R. W. Mayhew, former reeve of Oak Bay, on his appointment to the Dominion government cabinet as Minister of Fisheries.

The motion for sending the congratulatory message was put by Reeve R. A. B. Wootton.

Falls From Cliff

VANCOUVER (CP) — Miss Dorothy Box, 40, was found Wednesday night at the bottom of a 20-foot cliff, where she had been four hours following a severe fall. The woman was admitted to hospital with back injuries. Her condition is reported "fairly good." Police said she might have been trapped by the incoming tide had her cries not been heard.

And Don't Forget

Contributory Disability Insurance For Incurables Being Studied

OTTAWA (CP) — The best way to provide assistance for incurables and cripples is to establish a contributory disability insurance plan, the Commons was told Wednesday night.

The opinion came from Health Minister Martin, who said during study of his departmental estimates that those who could not pay their share under such a plan would have to be assisted by the state.

Replies to requests from opposition members for assistance to incurables and cripples unable to earn a living, he said the question was receiving his personal attention. It was "incontestable" that those people should be helped.

However, he felt the provinces and the municipalities had responsibilities as well as the federal government. Many disabled persons were receiving federal aid through family allowances, veterans' legislation and unemployment insurance.

He hoped before he left the health department to be able to announce that a plan for the assistance of incurables and cripples had been worked out. He was taking every advantage to discuss the problems with the provinces.

Mr. Martin also reported his aim was to bring into effect a system of contributory old age pensions. However, constitutional matters entered into the picture and the federal government would have to have certain rights transferred from the provinces in order to make the plan operative.

NOTE FOR C.N.R. The chamber adopted several pieces of legislation.

There was a bill authorizing the Canadian National Railway to issue securities totaling some \$85,000,000 to meet capital expenditures and retire certain minor obligations.

The second provides for re-constitution of the Board of

Good Harvests Mean Easing Of Austerity For United Kingdom

LONDON (CP) — British sources said today that good 1948 harvests, now in prospect, should mean the beginning of the end of austerity.

Their predictions of better times when autumn wheat and other crops are safely in the bins are based on these beliefs:

1. Easing of high open market wheat prices should bring nearer to normal levels the costs of other commodities which Britain has to import.

2. Enlarged supplies are in sight in Europe and sterling areas where Britain can pay in her own currency. The network of trade agreements exchanging British-manufactured goods for food and raw materials is being extended. Good crops in these countries will facilitate exchanges.

3. The returns from a good wheat harvest in Canada would improve the Dominion's financial position and possibly make easier credit arrangements for essential British imports of food and materials needed by her industry.

Already European Recovery Program assistance and increased exports to the Dominion promise that trade between the United Kingdom and Canada will be less hampered by financial difficulties than last year. Canada supplies four-fifths of Britain's wheat, major quantities of cheese, bacon and other foods.

the little biscuit with the **BIG** flavour!

Family Allowances Total \$725,000,000

OTTAWA (CP) — Health Minister Martin told the Commons Wednesday night \$725,000,000 had been distributed in family allowances since these payments went into effect in July, 1945.

Speaking on his departmental estimates, he reported also that he had had to authorize only eight prosecutions for "fraudulent receipt" of family allowances.

While he did not claim these cases were the only "abuse" of the payments, departmental surveys indicated the attitude of the Canadian people towards receipt of the allowances was "an honorable one."

Reporting a \$7,000,000 increase in family allowance payments for the current fiscal year, he attributed it largely to a "very sharp" postwar rise in Canada's birth-rate.

Sydney Greenstreet is a shadow of his old self, having dropped 25 pounds in his recent illness. He's getting around now, but still has to take it easy. Donna Reed's European trip is off because she couldn't find a suitable baby sitter.

New Iron Lung For Tuberculosis

NEW YORK (AP) — The most complete rest ever known, inside a new kind of iron lung, is a recent treatment for tuberculosis shown at the National Tuberculosis Association annual meeting here Wednesday.

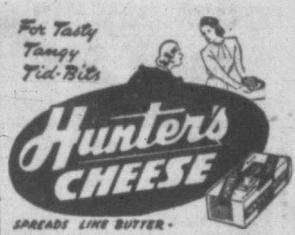

In this lung a person's lungs

do not move. Lung rest, as complete as possible, always has been one of the important steps in recovering from tuberculosis.

The new lung is a long and rounded tube, big enough for a man to lie at ease inside, made of shining steel and with plastic windows. A person can enter and leave at will. Inside, he can talk, read and breathe normally, if he wishes.

The patient gets enough oxy-

gen, because the compressed air contains as much as would be present in a normal lungful. Twenty of these new lungs now are in use in nine United States cities. The International Typographical Union for the benefit of its old and sick members. The home is in beautiful surroundings at Colorado Springs, and is up-to-date in every detail. It will be shown Sunday evening at 8:15 in Elks' Hall, 732 Cormorant St. While it is shown principally for the benefit of printers and those associated with the printing trade, other trade unionists, wives and friends are invited to attend.

We Reserve the Right to Limit Quantities

Mrs. J. R. Kingham, at whose home the Scottish auxiliary met yesterday afternoon, is pictured at the left. With her are Mrs. Rupert Guthrie and Mrs. W. H. Parker, seated, and Mrs. F. Dymant and Miss E. Urquhart, standing.

Many Members Attend Farewell Auxiliary Tea

Massed arrangements of rose and pink snapdragons in the hall and spacious living-room at the home of Mrs. J. R. Kingham, 3485 Upper Terrace, the Uplands, formed a setting for the invitation tea held Wednesday afternoon as a final "get-together" of members of the Women's Auxiliary to the Canadian Scottish Regiment. Red roses in a crys-

tal bowl centred the tea-table where Mrs. R. D. Travis, Mrs. F. N. Cabeldu, Mrs. G. N. Douglas and Miss E. Urquhart presided. Mrs. Kingham assisted by Mrs. S. J. McDonald and Mrs. W. R. Russell greeted the guests among whom are many who had joined the auxiliary when it was formed and had worked throughout the whole period of its existence.

Mr. and Mrs. E. Peden are holidaying in the Canadian Rockies and have been staying at Jasper Park Lodge.

Mrs. Wilfrid Ord left Wednesday by plane to Vancouver, where she will adjudicate at the British Columbia Speech Arts Festival Thursday and Friday.

Mrs. Frank Barrie has as her guests at her home, 2841 Graham Street, her son-in-law and daughter, Mr. and Mrs. J. N. Donnelly, of Limerick, Ireland, who will spend a week's holiday in the city. Mr. Donnelly is with T.C.A. in Shannon, Ireland.

Mr. and Mrs. R. D. Ferguson and their son Allan, arrived in Victoria this week, after motorizing from Toronto, to attend the wedding of Mr. Ferguson's sister on Saturday evening. They were accompanied from the east by Mrs. Ferguson's mother, Mrs. A. Catteall, 1129 May, with whom they will stay awhile in the city.

Mr. F. W. Tysoe, who came from Britannia Beach the beginning of June, to join his wife in Victoria, where their young son was born yesterday, is the guest of Mr. and Mrs. W. C. Mainwaring, Rockland Avenue. Mrs. Tysoe is the former Dora Mainwaring. Later in the summer, Dr. and Mrs. Tysoe and the baby will leave for Montreal to live.

Mr. and Mrs. Harold Oswald Hincks, who have been visiting Mr. Hincks' parents, Mr. and Mrs. H. A. Hincks, "Holmwood," Langford Lake, are leaving Friday for Vancouver, en route to Halifax, from where they will sail on the Aquitania on June 25, to visit Mrs. Harold Hincks' parents in Birmingham, and relatives in other parts of England.

Mr. and Mrs. Wilfred Jeffrey entertained in their home at Mill Bay, last Monday, to honor Dr. C. S. Lang, visiting examiner for the Royal Schools of Music, and his cousin, Miss Honor Barlow, of Cornwall, England. A buffet luncheon was served. Among guests were Mrs. Richard Felton, Mrs. William Ellis and Mrs. W. G. Ellis of Victoria and Mr. Rees, Cobble Hill. Dr. Lang is visiting Nanaimo, Courtenay and Vancouver, prior to going to Banff in July.

Others assisting with children's work will be Mrs. Stanley Ralph, Mrs. Frank Mawdsley, Mrs. D. Hawkes and Mrs. Jack Barton, and with the mothers' group Mrs. Reg Freemantle, Mrs. W. H. Yardley and Mrs. E. E. Harper.

Presentation Made

To Miss M. Morrison

Presentation of the past president's medal to Miss M. E. Morrison was a feature of the monthly meeting of the Nursing Sisters' Branch of the Canadian Legion, held in Britannia Branch auditorium.

In making the presentation, Miss Ethel Grey paid tribute to the work and devotion of Miss Morrison, both in legion activities and in the nursing field.

A detailed report of the Dominion convention of the Canadian Legion at Saskatoon was given by R. Seymour, who acted as local representative. A buffet supper followed the meeting. There will be no further meetings until August 30.

Quarterly Meeting—Members of St. Mary's Guild held their quarterly meeting at the home of Mrs. T. M. Jackson, Fulford Harbor, South Salt Spring Island, where arrangements were made to hold the annual garden fete on July 7 at the home of the Misses Gladys and Cree Shaw, commencing at 2:30 and opened by Archdeacon Holmes. There will be stalls, games and contests. Miss Gladys Shaw will convene tea arrangements. A sum of \$20 was voted to the Flood Relief Fund. Mrs. J. Bryant was in the chair and Miss G. Shaw acted as tea hostess.

For Flood Relief—A sum of \$10 was voted for the Flood Relief Fund, at a meeting of the Women's Association, No. 65, Typographical Union, No. 201.

Plans were made for a garden party in August at Mt. Douglas Park and it was announced there will be no meetings during July and August.

Duncan Tag Day—A sum of \$311 was collected on Queen Alexandra Rose Tag Day held in Duncan under the auspices of the Cowichan Chapter, L.O.D.E. Mrs. H. L. Whitaker was convener, and was assisted by Mrs. J. G. Hannigan, regent, Mrs. P. Shaw, treasurer, and many taggers.

Five members of the Loyal Order of Moose helped by tagging during the evening.

For Flood Relief—A sum of \$10 was voted for the Flood Relief Fund, at a meeting of the Women's Association, No. 65, Typographical Union, No. 201.

Plan Redecoration Of Nursing Home

The problem of choice of paint and color scheme for the redecoration of the lounge at the Victoria Nursing Home is discussed by members of the Pas-a-Pas Club of First United Church and St. Andrew's Presbyterian Welfare Association. They are sponsoring a garden fete next Wednesday afternoon in the grounds of the Nursing Home on Gorge Road, and will use entire proceeds from the affair for the lounge. In the front row Mrs. T. Veitch studies a paint pamphlet, as Mrs. R. Crawford and Mrs. C. W. Wilson collect the tins. Behind the counter from left to right are Mrs. F. C. Greenway, Mrs. C. Warren, who is convener of the fete, and Mrs. M. Christie.

Clubwomen's News

Home Missions—Mrs. J. Barton, Douglas Street Baptist Church, spoke on home missions at the monthly meeting of Flora Cogswell group, Women's Misionary Society, Emmanuel Baptist Church, held in the Sunday school room. President, Mrs. A. Pinkerton presided and devotional period was conducted by Mrs. D. Driver. Following the meeting refreshments were served and a social hour enjoyed.

Annual Fete—It was announced at the last meeting of the Women's Auxiliary to St. George's Church, Ganges, Salt Spring Island, that the annual fete will be held at Harbor House, July 28. There will be stalls, contests, games and a tennis tournament, at which Pat Crofton will be in charge. St. George's Altar Guild will convene the tea. Archdeacon G. H. Holmes stated that 18 food parcels had been sent to Britain from the parish. A sum of \$33.70 was collected in the anniversary box and \$10 voted to the Flood Relief Fund. Treasurer's report showed a balance of \$133.87. Mrs. V. Fletcher read an outline of the study book. Tea hostesses were Mrs. F. Sharpe and Mrs. S. Bannister.

Esquimalt I.O.D.E.—Plans were completed at a meeting of Esquimalt Chapter, I.O.D.E., for the garden party to be held at the home of Mr. and Mrs. T. Hadfield, 354 Lampson Street, on June 30. Mrs. W. Smith presided, and it was announced that Mrs. J. L. Ford, municipal regent, will open the garden fete. There will be stalls of home cooking, fancy work, aprons, flowers and vegetables, and afternoon tea will be served. H.M.C.S. Naden Chapter will be in charge of a candy stall and there will be bingo games. A sum of \$50 was voted to the Flood Relief Fund with two quilts and six pairs of socks. Reports were given by Mrs. G. P. Clarke, postwar convener; Mrs. H. Lloyd, ex-service personnel; Mrs. J. Bryant, educational; Mrs. A. Oakley, child and family welfare. A sum of \$10 was voted to the national endowment fund.

Tillicum—Election of officers will take place at the annual meeting of Tillicum P.T.A. Monday in the school. Final plans will be made for Tillicum sports day, June 25, and for Grade 8 graduation banquet, June 29. Refreshments will be served.

Royal Oak—Annual meeting of Royal Oak P.T.A. will be held on Monday at 8 in the school. Plans will be made for the picnic on June 29 and refreshments served.

P.T.A. News

Margaret Jenkins—A sum of \$43 has been donated by Margaret Jenkins P.T.A. to the Flood Relief Fund. Presentation of trophies to David Owens, Carolyn Hiscock and Bobby Mills, leaders in the school district sports day, will be made. Mrs. Kay Bogg was named president for the coming year by acclamation; Mrs. Kay White, vice-president; Mrs. W. Parker, secretary-treasurer and Mesdames J. Woods, C. F. Mosely, R. Mills, Waller and R. Hiscock, executive. F. J. Willway conducted the election and installed officers. A sum of \$10 was voted to flood relief.

Happy Valley—Plans for the annual school picnic at Witty's Lagoon on June 27, were made at the meeting of Happy Valley P.T.A. held in Happy Valley School. A sports program will be arranged and hot dogs, lemonade and ice cream provided. Tea will be provided for basket lunches brought by adults. It was announced that pupils of the school are sponsoring a tea on June 28 for the Flood Relief Fund. Presentation of trophies to David Owens, Carolyn Hiscock and Bobby Mills, leaders in the school district sports day, will be made. Mrs. Kay Bogg was named president for the coming year by acclamation; Mrs. Kay White, vice-president; Mrs. W. Parker, secretary-treasurer and Mesdames J. Woods, C. F. Mosely, R. Mills, Waller and R. Hiscock, executive. F. J. Willway conducted the election and installed officers. A sum of \$10 was voted to flood relief.

Good-Tasting Summer Salad—Arrange stuffed cooked prunes on greenery around a mound of cottage cheese and serve with potato chips. The filling for the prunes goes like this: Combine chopped red radishes and chopped unblanched almonds with mayonnaise and season with grated onion.

New Auxiliary President Names Heads Of Committees

MRS. E. ROSE

Mrs. E. Rose, newly-installed president, presided at a meeting of the Ladies' Auxiliary to the Fraternal Order of Eagles, held Tuesday evening.

Other officers attending included Mrs. A. Sauter, junior-past president; Mrs. M. Carver, vice-president; Mrs. M. Hallam, chaplain; Mrs. L. Wright, conductor; Mrs. M. Bennett, secretary; Mrs. P. Jeeves, treasurer; Mrs. F. Moore, inside guard; Mrs. L. Herzog, outside guard; Mrs. B. Dalzell and Mrs. E. Cooper, trustees.

Special committees include Mrs. J. Hooker, Mrs. L. Holman and Mrs. E. Rose, youth guidance; Mrs. T. Simmons, Mrs. J. Hooker and Mrs. E. Rose, senior citizens; Major M. Hallam, drill team instructor, and Sister E. Donaldson, captain; Mrs. R. Wolkoski, captain of ritualistic team; Mrs. E. Murrant and Mrs. R. Beckerly, bowling; Mrs. E. Rose, Mayor's Fund in Britain, and Mrs. E. Leveridge, auditing; Mrs. F. Mrs. E. Cooper and Mrs. M. Brunsdon, Mrs. M. Carver and nett, Solarium.

Red Cross Home Emergency Workers Celebration Supper

The objects of your service are in the best tradition of the Red Cross, and are deeply appreciated by the people of Victoria," said Col. J. Q. Gillan, president, Victoria Red Cross Society, in his message sent to the fourth anniversary celebration of Red Cross Home Emergency Service held at Oak Lodge, Quadra Street.

The committee, supervisor and housekeepers of the service were guests for the occasion of Victoria Red Cross, sponsor of the service. After supper, served in the tearoom, there was an informal program, during which Dr. Olga Jardine, chairman of the committee, extended greetings and read Col. Gillan's message and another from the Victoria Local Council of Women. The latter had discussed plans for such a project in the early part of 1943 following receipt of a brief on the matter prepared for the sub-committee on trades and professions for women. The history of the service from the time of its inception in May, 1944, with Dr. Richard Felton as chairman and Mrs. Alec Strath as supervisor, was briefly recited by the secretary, Miss J. E. M. Bruce, who recalled that Mrs. G. Day, a much valued worker, was still with the service after more than four years, although regrettably absent on this occasion.

Appreciation of more than two years' very fine co-operation and "dependability," a "warm good wishes for the future, were extended by Mrs. R. Coope, supervisor, to Mrs. D. McCracken, who is leaving this week for eastern Canada. The treasurer, Miss K. Downing, and Miss Riddell, V.O.N. representative on the committee, also thanked the workers for their helpful attitude. Unable to attend, Mrs. Hugh Campbell, Family Welfare, sent best wishes.

Humorous monologues by Mrs. D. Downes supplied a note of merriment for which she was thanked by Dr. Jardine and Mrs. E. M. Nicks.

Red Cross Fete At Royal Roads

Motorists planning to attend the annual Red Cross garden party at Royal Roads on Saturday will enter the grounds through the Sooke Road gates only. Veterans stages will leave the Herald Street depot at 1:45 and drive right to the college. The garden party commences at 1:30 and continues until 6 o'clock. Cadets are arranging armament and gymnastic displays; after noon tea will be served; pony and boat rides are planned with games, fortune-telling and many other amusements.

Club Calendar

Army, Navy and Air Force Veterans, British Columbia Provincial Command, Ladies' Auxiliary, quarterly meeting, Saturday at 11 a.m., Auditorium, 1001 Wharf.

Regular meeting, Victoria Hand Weavers' Guild, Saturday afternoon, at home of Mrs. E. Cook, 2771 Seaview Road, Ten Mile Point. Cadboro Bay bus leaves B.C.E. station, Pandora Avenue at 1:30 and 2:30 p.m. Arrangements will be completed for the exhibition at the Empress Hotel, July 5 and 6.

HEINZ OVEN BAKED BEANS

**The
DOCTOR
Says:**

CONSTIPATION, HEAVY COUGHING ARE AMONG CAUSES OF PILES

By EDWIN P. JORDAN, M.D.

Hemorrhoids, or piles, are enlarged or varicose veins lying at the anus or lower part of the rectum. They usually come in clusters and are soft and compressible. They occur most frequently during the 30's and 40's.

Such things as chronic constipation, severe coughing over a long period of time, childbirth and muscular strain tend to bring on hemorrhoids.

The presence of blood in the stool, without pain, is often the first sign of difficulty. If the cause is not removed at this time, bleeding usually continues and the clusters of veins become larger.

MAY CAUSE ANEMIA

There may be enough bleeding to cause anemia. Pain is rare, but the presence of hemorrhoids can help produce ulcers or cracks, which are painful. Clots may form inside the dilated veins. These can also be painful, but if they come on suddenly, they are usually gradually absorbed.

External hemorrhoids cannot be treated by injection. Surgery is the only method. The hemorrhoids which lie internally, however, can sometimes be treated by injection. With this method, a solution containing a chemical which causes the veins to be closed entirely, is used which forms a sort of scar tissue inside the vein walls. In some cases, injection of the internal piles is not advisable and surgical removal is recommended.

Piles are extremely common in civilized society. The particular influences which tend to produce piles — constipation, excessive muscular strain or chronic cough — should be corrected when possible. If piles are present, regardless of whether or not they are causing pain, it is wise to take steps to cure them as soon as possible, although they do not lead to cancer.

Question: Does overeating cause glandular trouble?

Answer: This is a difficult question, since the answers are not all known. Probably, but not certainly, glandular trouble is not caused by overeating.

**Praises Work Done
On Cook Street**

Satisfaction with the work completed on Cook Street from Fort to Rockland and that proceeding on Cook toward Pakington, was expressed today by Acting-Mayor J. D. Hunter.

"The stretch completed is a good example of the type of road-work Victoria will get if the Streets' Loan By-law goes through," he said. "Rails have been lifted, the roadbed reconstructed and the road paved."

"We expect the work on Cook from Fort to Pakington will be completed in three to four weeks and a very good job is being done."

**I.C.A. Act Consolidated
In Booklet On Sale**

British Columbia's much-talked-of Industrial Conciliation and Arbitration Act has been consolidated with amendments in a booklet available for a nominal sum at the Government Printing Bureau.

The consolidation is indexed. Labor Department officials stress that amendments embodied in the consolidation are for reference only and that the original act and amendments should be consulted for all purposes of interpreting and applying the law.

Travel Bureau Reports

The Trans-Canada Highway is impassable at Mara Lake due to flood waters but the Big Bend Highway from Revelstoke to Golden is in good condition with no restrictions on traffic.

This was reported today by the B.C. Government Travel Bureau which also announced the reopening of two other roads, the Pouce Coupe-Clayhurst stretch and the Fort St. John-Hudson Hope Highway.

Conditions on Vancouver Island roads and highways are unchanged, the bureau says.

Cancel 'Y' Bus Trip
To Okanagan Valley

Bob Morrison, program secretary of the Y.M.C.A., announced today the Y.M.C.A. educational bus trip through the Fraser Canyon and the Okanagan Valley, scheduled for July 3 to 11, has been canceled.

Flood conditions in the Fraser Canyon and other points in the interior of the province have washed out many roads, Mr. Morrison said this morning following his return from a trip through the area. It will take a month or even longer to make these roads passable, he said. Camping conditions on the route of the trip have also been affected by the floods.

R.C.A.F. Office Moves
Quarters, Seeking
Aircrew Applicants

The R.C.A.F. Information Centre has been moved from 803 Belmont Building to 315 Belmont Building in order to make room for the Dominion Government Cable Service. It was announced here today by Fit. Sgt. Kelsey, recruiting representative for Victoria and Vancouver Island.

The new office on the third floor will maintain facilities for interview, conducting tests, documentation, and general information as regards the opportunities existent for a career in the service.

TO FILL VACANCIES

Fit. Sgt. Kelsey stated that more applicants with the necessary qualifications for pilot and radio navigator are required to fill the aircrew intake which takes place every two months. These applicants must be single, not have reached their 25th birthday, and must have senior matriculation standing in English, algebra, geometry, trigonometry and physics.

It was also stated that vacancies exist in a number of the technical trades requiring applicants who may be one year short of junior matriculation. Full information may be obtained either by calling at the office during the day, 9:30 to 4:30, or by phoning G 8312 and arranging an after-hour appointment.

Fit. Sgt. L. H. Kelsey and Sgt. G. T. Gardner will continue to operate this office and supply prospective applicants with up-to-date information about the R.C.A.F.

Junior Softballers Get Instruction

Six members of the Junior Optimist Softball Club of Victoria West watch coach Jim Cruickshank, Optimist Club member, as he gives them some pointers on batting before a recent game. From left to right, George Wright, Jack Barnes, Ian Holroyd, Don Silcox, Arnie Barnswell and Ron Douglas. In the background are Wynne Campbell and Robert Baldwin, Optimist Club members. On June 24, 25, and 26 the Optimist Club will stage a carnival at the Armories with the proceeds to go towards promotion of sport among the youngsters of Greater Victoria. It is hoped to eventually build a new clubhouse for the Junior Optimists.

Important Minor Ball Meeting Sunday

Minor Baseball Association will hold a meeting at the Eagles' Home, View Street, on Sunday at 3:30.

Team managers and officials are asked to attend the session as plans for "minor baseball week" will be the order of business.

Minor baseball week will be held during the week ending July 17, when final competitions will take place including games between leading baseball nines and the finals of the woodenface competition.

Auto Racers Spill At Practice Sessions

Spills and thrills at Langford Speedway are not confined to the Saturday night racing meets. The Tuesday and Friday night practice sessions supply from 100 to 200 fans with plenty of action. Two weeks ago Brownie Brown flipped his racer for a total of three complete rolls. On Tuesday night Harry Greenwood in his powerful V-8 motor job came out of the north turn doing better than 50 miles per hour, lost control, spun into Ray Vincent's 81 car and then bounced into Bruce Passmore's racer, doing considerable damage to both cars. Greenwood was taken to hospital where examination showed no broken bones. Both driver and car will be missing from Saturday's meet at Langford.

Streaks Experience Beating In W.I.L.

Tacoma Finally Stopped; A's-Wenatchee In Doubleheader Tonight

Rained out of their game last night Victoria Athletics and Wenatchee Chiefs are scheduled to meet up in a Western International League baseball doubleheader at Athletic Park tonight. Starting time will be 6:30 to enable the Wenatchee club to catch the midnight boat en route home. A's will leave by plane in the morning to keep a playing date at Spokane tomorrow night.

With two straight wins over Wenatchee the Athletics will be after a clean sweep tonight with Joe Blankenship and Del Owens slated to handle the pitching assignments. The first game will be a seven-inning affair.

Even a rubber band will stretch only so far. So the W.I.L. experienced a series of "snaps" last night as both winners and losing streaks went by the boards.

At Salem, league-leading Tacoma whipped the Solons 5 to 4 to run its win streak to eight games, then dropped an 8 to 5

decision in a second tilt as the Oregonians broke a six-game losing streak.

At Yakima, Bremerton made it five in a row with a 5 to 0 first game win. Then Yakima ended a string of nine consecutive losses with a 5 to 4 win the nightcap.

Pitchers also came in for their share of attention.

NINTH STRAIGHT WIN

Salem's Jim Olson won his ninth straight game despite giving up 12 hits as the Solons counted six times in the fourth inning of the second game. Tacoma won the opener in eight innings when Hank Valedri tripled and crossed the plate on Glenn Stetter's long fly.

Bulky John Marshall and veteran Kittle exchanged wins and losses at Yakima. Marshall bested the Yakima chucker in blanking the Packers in the opener—Yakima's first whitewashing this

Graham Sets Stiff Pace In Home Run Record Bid

Let's take another look at Jack Graham, the sensational San Diego home run hitter. He smacked another last night, although the Padres lost to Oakland, 8 to 4. This one made it 33 for the season for big Jack which leaves him just 27 to go to the Coast League record of 60 round-trippers set way back in 1925 by the late Tony Lazzeri.

Graham is far ahead of the pace set that year by Lazzeri. Statistics by Bryce Tanguen, P.C.L. expert, show that Graham got his 32nd four-bagger June 15 but Lazzeri in 1925 didn't get his 32nd until July 31. However, Graham is playing in a 188-game schedule and needs his earlier because Lazzeri had the benefit of a 197-game marathon. He was with Salt Lake City at the time.

Graham's No. 33 came in the fourth last night. It boosted his runs batted in to 86, topping the league. But Oakland rapped three Padre pitchers for 13 hits to even their series. Ernie Lombardi homered for the Oaks in the sixth.

PORTLAND WINS THRILLER

Portland trimmed Los Angeles, 1 to 0, in 10 innings to drop the Angels three games behind the leading San Francisco Seals who

in the first stage. The Dunsmuir Challenge Cup and the Lieutenant-Governor's medal will be awarded to the highest scorer in the second stage. The Douglas Challenge Cup and the B.C.R.A. silver medal will be awarded to the highest scorer in the first stage.

A B.C.R.A. bronze medal will be awarded to the Tyro making the highest score in the first stage and a silver medal to the Tyro making the highest score in the second stage. No Tyro may take both medals.

In addition to the 36 who qualify for the second stage of the Lieutenant-Governor's match an additional 18 in order of standing in the all-comers aggregate will be eligible to shoot for places at the early 1930's. Col. Steve Johnson, O.B.E., of Calgary, author of "Shoot to Live" and a B.C.R.A. member, and Det. Sgt. Jake Young of the Provincial Police, one of the best rifle and revolver shots in the province.

FEATURE MATCH

The Lieutanant-Governor's match will be contested for in two stages. The first stage or qualifying round is open to all-comers. The second stage is open to the competitors who make the 36 highest scores

in the first stage.

The Dunsmuir Challenge Cup and the Lieutenant-Governor's medal will be awarded to the highest scorer in the second stage. The Douglas Challenge Cup and the B.C.R.A. silver medal will be awarded to the highest scorer in the first stage.

Salmon Fishing Improved, Trout Fair; Solarium Derby Set July 4

By ROY THORSEN

Right from Cowichan Bay south around to 10 Mile Point salmon fishing got into its best swing of the year this week.

Main offering in the particle and adjacent waters up to last night were bluebacks, running around three and four pounds, Saanich Inlet's take being mostly young five to 10-pound springs from Cole Bay across the arm and down to Goldstream.

We have no reported catches from the up-Island bay or Sidney Spit but since Saturday the heavy blue run off 10 Mile has netted a number of anglers good catches, some reeling in specimens going better than 20 pounds.

Seventy-five year old Fred Brooks, Cadboro Bay, and son Darrell M., have scored heavily. 'Best run in five years,' they claim from Telegraph Bay to off the point. On Saturday Fred took nine blues, two springs. Sunday Darrell reeled in a 25-pounder and four blues and Tuesday evening between five and seven of the small fish. They were using Wonder 6 spoons 50-50.

PARTY GOT 14 TUESDAY

Tiny Richard and Sue Pike, both of "cable row," have had some nice fishing luck together, starting with seven Sunday off the point. They have had other catches since, according to Mrs. John Bowker, who also reported

Ned Williams took four Saturday, largest going 20 pounds. Peetz's party Tuesday night brought in 14 fish, she said.

How long the run will last is unpredictable. In the past they have run anywhere from the flash-type of "just passing through" to several days. Abalone and diamond spoons were among successful lures.

Jim Burbridge Wednesday reported the blue run off the split as heavy.

ABOUT THE INLET

Mostly everybody fishing Saanich Inlet during the last few days has got one, two or more of the young springs.

Harry Peard reported Harry Spedding and Jack Graham came home with a dozen Tuesday.

May Hall said Elwood Smith took a 14½-pounder. Mr. and Mrs. E. Ensley, three small ones Sunday and two Monday. C. Craig a 10-pounder Monday.

Ivan Day took home about eight pounds Tuesday. Other after-derby catches reported by Harry Gilbert are: His son, Jim, one small one and Tom Alexander 18½ and 12 pounds.

Bert Henderson, new operator

of Brophy's, said Bruce Jorgenson, Pearl Harbor, and his wife took 10 and 15½-pounders this week. Hugh Creed, guide, took out visitor E. Wolf from San Francisco. He was plenty happy over his four-fish catch.

Wednesday catches reported from Goldstream: Mrs. Peggy Hall, 15½, 6½; Mrs. Sim, 14½; Walter Lock and Bert Dunster, Saskatchewan visitor, five jacks; A. Andrews and party, three jacks. Catches on wonder spoons, lures plugs.

Inlet fishing today is labeled as "a little better than fair" by the pros.

ANGLERS HELP SOLARUM

Busy teeing-up things for the

third annual Queen Alexandra Solarium salmon derby, July 4 in the inlet, Les Dicks, president of the V.S.I.A.A., today expressed the belief financial marks attained the last two years can be topped.

Event is open to the public

tickets to be available soon.

From the two previous promotions for the Mill Bay institution the angling clan turned over cheques totaling \$3,000.

Game office's Don Keirs re-

ports the following latest reports on trout:

Victoria and district—Shawn-

igan, Spectacle, Wolf, Kemp, all

right.

Two of the chestiest persons hereabouts after the Sunday opening inlet derby were news cameramen Bill Halkett and Bud Kinsman . . . On competition pressboat piloted by expert fishing guide F. E. W. "Doc" Smith of Anchorage, the shutter-clickers each reeled in a small springer . . . Lee Hallberg reports monthly spring salmon competitions at the bay started Tuesday. Monthly prizes, he says, are for man, woman and juveniles of both sexes off Cherry Point and in Sansum Narrows . . . Robert Gordon Hughes, one-month-old son of Mr. and Mrs. Will Hughes, is youngest member of the anglers club. He was signed up last week by Harry Woolston, who was thanked heartily by Dicks for his outstanding work in putting over the derby.

TURNER SHOOTING STAR

Art Turner was the "dead-eye" who stole the show at the Victoria Gun Club shoot last Sunday on Albert Head Road. Besides taking the fourth legs of the Colonist and Humber Handicap trap competitions, he teamed with Harold Moon to retain the silver challenge buttons. They beat J. Zaccarelli and Dib Noble.

Dr. A. D. Bechtel won the fourth round of the C.L.L. skeet shield competition. Ernie Todd winner of the miss-and-out . . . Next attraction of the club—one which should draw up Island club members—is the special shooting program at the grounds June 27.

French-Owned Arbar Wins Ascot Gold Cup

ASCOT, Berkshire, Eng. (Reuters)—Marcel Boussac's

famed French horse Arbar today won the Ascot Gold Cup, run over a 2½-mile

course.

The Belgian-owned Bayeuk

was second, four lengths

back. A further six lengths

behind was Rio de Navarre, another French horse now

trained in Britain.

The winner started 6-to-4.

Bayeuk's price was 100-to-6

and Rio De Navarre's 5-to-1.

Brisk Business For Father's Day

Whether by a humorous card, a gaudy tie or promise of Winston Churchill's War Memoirs, father will not be forgotten in Victoria come Sunday.

"Father's Day gift sales are quite good this year and the business generally is getting just about as brisk as that for mother's day," remarked one retailer.

In the clothing line, shirts, socks and ties are heavy favorites with hats also in the running. Some Victoria fathers actually go without wearing hats and

Livestock Chief Says Few Animals Lost In F. Valley Floods

Fraser Valley floods have not taken a big toll in livestock. This was reported today by Dr. W. R. Gunn, provincial livestock commissioner, who stated: "Losses scarcely exist."

The commissioner visited all stock pools in the valley last week and is returning to the flood areas today.

The situation is under control, he said, and the stock is being well fed; there is no disease.

Livestock branch men are stationed at each of the depots to advise on the care of the stock and government inspectors are making regular rounds.

VACCINATING AGAINST DISEASE

Dr. Gunn said government and private veterinaries who have volunteered their services, are busy vaccinating cattle against disease in the flood areas. Main disease still to be faced is blackleg which is known to exist in the valley and which comes from the soil in times of flood. So far there has been no outbreak.

Dr. Gunn said few farmers are selling their stock and police are continuing inspections to guard against rustling.

The commissioner stated many Vancouver Island farmers and others in unaffected areas on the mainland have offered free pasture and care for animals from the flooded districts.

Govt. Annuities' Interest Still Higher

Although interest has been reduced from 4 to 3 per cent on Dominion government annuities, the new rate still is higher than those on which insurance companies base their annuity rates.

"And the government will continue to bear the cost of administration so that our annuities still appear to have some advantage over the life insurance annuities as far as costs are concerned."

This was the answer given today by R. Hogarth, special representative here of the government annuities branch, in answer to a charge reportedly made by a Vancouver firm which advises private concerns on pension plans, that:

"The reduction in the interest rate may have widespread and damaging effects on pension plans in B.C. industry."

Mr. Hogarth said pension plans under government annuities will be affected, of course, but he pointed out that the new premium rate is higher than that of 2½ per cent on which the life insurance companies base their annuity rates.

The two now will be much closer than before, though.

A.B.T.V.I. Renamed

POR ALBERNI — The name "Associated Boards of Trade of Vancouver Island" was changed, and made even longer, by delegates to the association's annual convention held in this city Wednesday.

From now on the name will be "Associated Chambers of Commerce of Vancouver Island."

The change resulted when the convention was informed the term "board of trade" confuses visitors from the United States, where all such bodies are called chambers of commerce.

It was noted also that the Board of Trade in the United Kingdom is a department of government, not a voluntary body of businessmen as here.

To make the change complete, the association will urge all member groups which bear the name board of trade to become chambers of commerce, so that all may be known by the common name.

At the present time, 10 of the association's 18 member groups are boards. It is expected all name changes will be carried out within the next six months.

Push Button Rod Latest For Fishing

WASHINGTON (AP) — Push button warfare has invaded the pike fishing field.

Although not atomic, a new automatic fishpole has plenty of power. It has hooked and landed a 105-pound tuna in 30 seconds.

The gadget, designed by Anthony Moliskey, San Pedro, Calif., is described by the Fish and Wildlife Service in its monthly summary of "important developments in commercial fisheries." This is how it operates:

"The rod, of steel, terminates in a cylinder and is tethered to a cable on a fixed arm."

"When a fish strikes, the attendant merely pushes a button. This releases air into the cylinder and makes the rod shoot into the air."

"The cable restricts the outward movement of the rod and causes a flipping motion which tosses the fish on the deck."

As you can see, it practically does away with the need for the old fashioned fisherman.

But it doesn't take care of the big one that got away. That angle is still the fisherman's specialty.

PATIENTS at the Veterans' Hospital were entertained on Wednesday afternoon by the Naden R.C.N. band, under the leadership of CPO. Mignaux.

Dr. J. A. Pearce Elected Vice-President Of Society

Director of the Dominion Astrophysical Observatory, Saanich, Dr. J. A. Pearce was elected vice-president of the Royal Society of Canada at the society's annual meeting at the Empress Hotel today.

Dr. Gustave Lacombe, Dominion Archivist, Ottawa, who held the post of vice-president automatically became president of the society. He succeeds W. P. Thompson, dean of the University of Saskatchewan, Saskatchewan.

Other officers elected were:

Dr. F. J. Alcock, Ottawa; Dr. Seraphin Marion, Ottawa, honorary secretaries; Dr. L. E. Hawlett, Ottawa, honorary treasurer; Dr. G. W. Brown, Toronto, editor.

Dr. Pearce joined the staff of the Dominion Astrophysical Observatory in 1924. He studied at the University of Toronto and graduated with his B.A. in 1920 and his M.A. in 1922. From 1920 to 1922 he was demonstrator in the University of Toronto and also for a time was with the Dominion Observatory at Ottawa as magician. He was appointed Fellow in the Lick Observatory in 1922 while at the same time carrying his studies leading to his doctor's degree. He received his Ph.D. in 1930.

In 1923, he was a member of the University Eclipse Expedition to Mexico and received a signal honor for a mathematical investigation of the orbit of a small planet.

Dr. Pearce has carried many investigations on the stars and in the secular changes in spectroscopic systems. He was

... named vice-president

president of the Royal Astronomical Society of Canada. In 1931 he was elected a Fellow of the Royal Society of Canada.

At today's meeting the society held its business meetings. Committee chairman of the society's five sections which include mathematical, chemical and physical sciences, submitted their reports.

The assembly of authorities on arts and sciences attended a luncheon at the Empress Hotel at noon. W. C. Malzwirg, vice-president of the B.C. Electric, was in the chair.

This afternoon, the Fellows were taken on a tour of the city. A dinner will be given in honor of the visiting scientists this evening.

**Labor Council Asks
Import Restrictions
On Nails Be Removed**

The Victoria and District Trades and Labor Council (A.F. of L.) on Wednesday night endorsed a resolution asking the federal government to allow importing of nails from the United States.

Action was taken after S.V. Midgley of the Carpenters' Union claimed west coast carpenters face extensive unemployment unless the shortage of nails is over come.

Renewal of milk subsidies was asked in another resolution which protested the rapid rise in price of milk and meat.

The provincial government will be asked to make a substantial grant from the gasoline tax to assist the city in carrying out a five-year road building program.

FLOOD COMMISSION

Lengthy discussion took place on B.C. floods and a resolution was endorsed calling for the provincial and federal governments jointly to set up an authoritative body, similar to one set up in the United States, to study, make recommendations and supervise the construction of dams and any other necessary structures to eliminate floods.

It was reported that carpenters are raising \$50,000 for flood victims. The council gave a donation to the flood fund and several affiliated unions notified the council they had made donations also.

Percy Rayment, president, said between 90 and 95 per cent of the construction workers, members of the Builders' Exchange, had donated a day's pay to the flood fund.

J. Pitcairn Hogg, chairman of the B.C. Labor Relations Board, attended the meeting to answer questions on the revised I.C.A. Act. Charles Peck gave a report of the legislative committee on studies of the act.

Full support was pledged to a tuberculosis control campaign discussed by health officials and Margaret Burzoyne was named to attend a meeting on the question to be held in the offices of Dr. G. L. Gayton, city health officer.

Mrs. Burzoyne reported on the signing of a union agreement between the Hotel and Restaurant Workers' Union and the Douglas Cafe.

Mrs. C. Hudson reported that the Kyuquot Trollers had signed an agreement with the United Fishermen's Union calling for full union security, wage increases and other improved conditions. The council made a donation to the Blind Baby Fund being sponsored by the Eagles.

Uncle Ray

"B" IS POPULAR INITIAL FOR FAMILY NAMES

The history of most letters in the alphabet can be traced back, but some of the facts have become lost. In the case of "B" we know that it was used more than 3,000 years ago. Some persons in ancient times called the letter "beth," and this was a word for "house." An early form of it may have been a rude outline of a house.

The Greeks used "B" in their alphabet, calling it "beta." An early Greek form had the straight line at the right side, but this line was placed at the left side by later Greeks, also by the Romans.

"B" is popular as an initial for names in geography. A large atlas lists 9,800 names of cities, villages, countries, mountains, etc., with the initial letter of "B." Only two letters—"S" and "C"—are used at the start of more names of this kind.

"B" is also popular as the first letter in family names. In most cities it holds second rank, and its general average is second in my survey of names in telephone directories.

Brown is the "B" name with most families. Other widespread "B" names are Butler, Barnes, Burns, Benson, Bennett and Brooks.

In the dictionaries we find that "B" is the first letter in many thousands of words. It ranks sixth among letters of the alphabet in the number of words which it starts.

Among the given, or Christian, names of men there are 24 in a standard list. Only one of these can be called common, and that is Benjamin. The Hebrew language gave us the name of Benjamin, and the meaning of it is "Son of the Right Hand."

Several names of women which start with "B" are used widely. These include Bertha, Barbara, Beatrice, Blanche and the good old Irish name of Bridget. Bertha means, "bright," and Beatrice means "she that makes happy." Betty, which is a short form of Elizabeth, is a very common "B" name.

Says \$40 Allowance For Single Veterans Not Will Of People

Peter Barr, Victoria, provincial representative on the Dominion Command of the Canadian Legion, expressed the view at Wednesday's meeting of Esquimalt Legion branch that the \$40 maximum allowance set for single war veterans under the revised act by Ottawa "is an action I do not understand, nor do I believe this is the will of the people of this great and wealthy land."

Mr. Barr gave the meeting a resume of the highlights of the recently-held national convention of the legion at Saskatoon. He also commented on the House of Commons action on allowances as announced yesterday in the press.

"This passing of a \$40 a month maximum seems to me to mean that the government of Canada is of the opinion that any Canadian citizen who served his country honorably in war, and who, because of rigors of service, is unable to compete in the labor market and, in some cases, is unable because of burned-out condition, to make any casual earnings at all," Mr. Barr said.

He could not see how a person could possibly exist on a total sum of \$40 a month. The cost-of-living index was over the 150 mark, "which means that the \$40 is worth only \$20," Mr. Barr pointed out.

Speaking on the convention, the B.C. representative noted that Merchant Navy men got the same treatment there as veterans of the armed forces. Before the meeting closed, the Esquimalt branch passed a resolution lending their weight to a proposal that imperial veterans with 20 years' residence in Canada, and Canadian soldiers who served in England in the First World War be eligible for veterans' allowances.

Victoria Woman Is President Of B.C. Legion Auxiliary

NANAIMO—Mrs. David Swan, Victoria, was elected president of the British Columbia Women's Auxiliary of the Provincial Command, Canadian Legion, B.E.S.L. when election of officers was held yesterday by the convention in progress here.

Other officers elected were: Honorary presidents, Mrs. Thomas A. Barnard, Nanaimo, and Mrs. F. V. Jones, New Westminster; first vice-president, Mrs. W. H. Green, West Vancouver; second vice-president, Mrs. Amy Erickson, Creston; third vice-president, Mrs. James Black, Prince Rupert; fourth vice-president, Mrs. David Porteous, Seattle; recording secretary, Mrs. Elsie Hanscomb, Vancouver; publicity chairman, Mrs. Edna Crehanbowler, Vancouver.

Nanaimo Man Heads Commerce Chambers

POR ALBERNI—George H. Benwell, Nanaimo, was elected by acclamation president of the Associated Chambers of Commerce of Vancouver Island, formerly Associated Boards of Trade, at the business session of the annual convention held here Wednesday.

An enthusiastic promoter of tourist trade, Mr. Benwell served during the past year as association vice-president. He succeeds Norman S. King, Port Alberni, in the higher office.

H. Cuthbert Holmes, immediate past president of the Victoria Chamber of Commerce, was elected association vice-president and George I. Warren, secretary manager of the Victoria chamber was re-elected secretary-treasurer.

Former Evacuee Leaves For England

LANGFORD—Presentation of an initialized traveling bag was made to Richard David Gilbert, 16, a carrier boy who came to Canada in 1940 as an evacuee, and will leave for England this Sunday.

H. W. McKenzie spoke of the high regard in which all subscribers held Richard, who made the presentation on their behalf, in the garden of Mr. and Mrs. A. F. Bayles of Langford, cousins of Richard.

Son of Mr. and Mrs. J. H. E. Gilbert of London, Eng., Richard came to Canada with his younger brother Phillip, who returned to England last year. Phillip, 14, recently gave a display and talk to the Historical Society in London on Canadian stamps.

Richard plans to return to Victoria in August to take a course in forestry. He attended Victoria High School.

Celebrates Birthday

Main Line Service Broken For 19 Days

VANCOUVER (CP) — The little men who make the railway trains go—the section hands and the laborers—have had their innings in British Columbia.

For 19 days no transcontinental Canadian Pacific Railway train either left or arrived here. That was the longest broken-service record of the C.P.R. in Canada.

Railway men along the line were worried. Wires hummed, loaded buses growled and airplanes droned. The people and the cargoes got through—but not on the rails.

This week the Fraser's rampage subsided. Flood panic waned. The little men could get back to work.

Wednesday night, with a vice-president standing by, smiling, the first passenger train out from the Pacific hooted past the little men and drove on east. 19 days behind schedule. And the little men were proud.

blocking of information at its source.

Mr. Meighen said that although there is no political telescope, he believes the governments of leading western powers will lead them from the crisis.

Mark Twain Gold Medal Awarded Mackenzie King

ST. LOUIS (AP)—The annual Mark Twain gold medal for outstanding achievement has been awarded to Prime Minister King, the Mark Twain Society announced Wednesday.

He was awarded the medal for his efforts in fostering friendship between his country and the United States, the announcement said.

Mr. King was invited to attend the society's annual dinner here Nov. 30—Mark Twain's birthday—to receive the medal.

Make Sweepstakes Legal Island Boards Recommend

By DAVE STOCK

PORT ALBERNI—The provincial government should legalize sweepstakes, and should consider running a few of its own, but the government should not go into the insurance business, delegates to the Associated Boards of Trade of Vancouver Island convention recommended at their business session Wednesday in the Canadian Legion Hall.

R. P. Weber, Shawnigan Chamber of Commerce, noted charitable organizations and service clubs throughout the Dominion depended almost entirely upon some form of sweepstakes to provide the necessary funds for their welfare activities.

"They are run everywhere, yet they are against the law. Why not make them legal?" he asked.

Rev. Glen Stevenson, Port Alberni Board of Trade, also spoke in favor of legalizing raffles.

"We all gamble—some people say life itself is a gamble. Buying a raffle ticket is surely the most innocent sin," he said.

Put to a vote, only one of some 45 delegates voted against the resolution.

OPPOSE GOVERNMENT CAP INSURANCE

It was a different matter, however, when a resolution was introduced from the Saanich Board of Trade, calling for the provincial government to investigate the possibility of entering the automobile insurance business.

"Insurance companies doubled their business by the recent legislation which made automobile insurance compulsory," V. E. Virgin, mover of the resolution, told the meeting. "Yet premiums remained the same."

"It seems to me that car insurance is a good thing. But I say let's use the profits from this insurance and improve our roads."

Those against the resolution said the government would be entering the field of private enterprise if it started in the insurance business.

"To my mind, insurance is not private enterprise; it is public enterprise," Mr. Virgin replied. The resolution was defeated by a three-to-one vote.

A resolution calling for the establishment of a voluntary advisory board to consider all forms of travel on island highways with a view to making travel less dangerous, was passed unanimously by the meeting.

It was suggested that the board consist of representatives from the public works department of the government, the A.B.T.V.I., the Victoria and Island Bureau and the Liquor Control Board.

TRANSPORTATION TAX
The meeting also approved of a resolution directed to the Minister of Finance in Ottawa, asking the present 15 per cent transportation tax be eliminated from low-rate rates.

Another motion directed at federal authorities called for the construction of a road from Sproat Lake, north of the Alberni, to Tofino, on the west coast. This road should be built as the most western section of the Trans-Canada Highway, the meeting felt.

Preamble of the resolution noted the centres of Tofino and Ucluelet have developed into flourishing municipalities even though they are accessible only by boat.

It was also pointed out that there is a \$7,000,000 airport near Tofino which should be linked by road with the rest of the island from a national defence viewpoint.

SEE BETTER SIDE ROADS

Another resolution concerning roads were directed to B.C. Works Minister E. C. Carson. It asked the minister draw up a program for the reconstruction of all side roads on the island to bring them up to full specifications.

The minister, in yet another resolution, was also asked to allot sufficient funds to the resident engineer in the Forbidden Plateau area so that the road to the plateau can be kept open and in good repair for the 1948-49 winter season.

Norman S. King, retiring president of the A.B.T.V.I., noted the association was endeavoring to bring about fairer taxation and a higher standard of living for residents of Vancouver Island.

FOUR NEW BOARDS

George L. Warren, secretary treasurer, reported four new boards of trade had been established on the island during the past year, bringing association membership to 18.

Esquimalt Kiddies' Carnival In July

The three adjacent lots to the Esquimalt Legion branch's clubhouse at 622 Admirals Road will be the scene of a bumper carnival for the younger generation during four days of mid-July, Aubrey Jones, honorary secretary, reported at the meeting of the tourist committee.

F. V. Heakes, manager of the hostel, said the building is expected to be emptied by June 30, as planned, and turned over to the tourist, reported at the meeting of the tourist committee.

The carnival will be brought over by a Vancouver veteran and set up on the lots. It will be held July 14 to 17 inclusive.

Plan No Delay In Tearing Down Hotel

VANCOUVER (CP)—Citizens' Rehabilitation Council officials said the tearing down of the old Hotel Vancouver will not be delayed by the fact that flood evacuees now are being cared for in the hostel.

F. V. Heakes, manager of the hostel, said the building is expected to be emptied by June 30, as planned, and turned over to the tourist, reported at the meeting of the tourist committee.

The old hotel, used as a hostel for war veterans and their families, is housing 300 flood evacuees and 667 war veterans and their families.

SAANICH ACCIDENT

Little damage was done to a car and a fence in an accident last night on Maplewood Road. Constable Joseph Armstrong of Saanich police reported. Car was being driven south on the road when it went out of control, left the highway and traveled 450 feet before driver Harold D. Smith, 2811 Rose Street, could halt it. The car wound up against a fence. Damage to the car is estimated at \$50 and \$15 damage to the fence, police said.

Camp will care for 70 persons every 10 days. It is operated on a \$3,600 budget for this year by the Community Chest and Family Welfare Association.

Sunshine Camp At Sooke Now Open

Financed by the late Fred Lansberg in 1928 to give the less fortunate an opportunity to spend a summer holiday, Sunshine Camp on Sooke Harbor was opened recently with a large delegation of Victoria senior citizens on hand.

Camp will care for 70 persons every 10 days. It is operated on a \$3,600 budget for this year by the Community Chest and Family Welfare Association.

Old Variety Stars Enjoy 'Bit' Parts

Playing small "bits" in the crowd scenes of the Gainsborough film "I'll Be Your Sweetheart," now at the Plaza Theatre, were many old-time variety stars who felt they were reliving their own past as they strolled down Charing Cross Road set reconstructed at Shepherd's Bush Studios. Among them was Arthur Reece, now a man of 74, who was famous in the music hall programs of 1902 and often in the same bill as Marie Lloyd. Reece still receives \$40 per copy royalties for the song "Sons of the Sea," which sells about 3,000 copies each year.

Dominion Theatre

With the tumultuous acclaim for her sensational performance in "Leave Her to Heaven" still ringing in her ears, Gene Tierney has come through with what preview critics consider her greatest dramatic triumph to date, in "Dragonwyck," the new 20th Century-Fox hit presented by Darryl F. Zanuck, and now at the Dominion Theatre.

Abbott, Costello Call Off Planned Tour Of England

By BOB THOMAS

HOLLYWOOD (AP) — Abbott and Costello will continue to seek their professional fortunes in the United States. They have called off their jaunt for stage and screen appearances in England.

The deal was stalled pending settlement of their dispute with Universal-International. Now it's too late for them to prepare an English picture. And Lou balked at a proposal to play London's Palladium in November.

"I'm afraid the winter weather wouldn't be good for me," said Lou, who has suffered rheumatic fever. "And the most important thing to me now is my health."

ON THE SET

Claudette Colbert, who doesn't look a day older than "It Happened One Night," is getting busier these days. She goes from "Family Honeymoon" into another comedy ("We hope it will be"). It's now called "The Soft Touch," but they're searching for another title.

Danny Kaye enlivened the California millinery designers' hat show by starring his sure-fire routines and trying on the latest lids. Virginia Mayo and the Goldwyn Girls were also there (to plug "A Song Is Born"), but Danny had the milliners in stitches with his antics.

LIGHTS AND SOUNDS

Ronald Reagan startling the "Jones Beach" set by removing his contact lenses. . . . Eddie Bracken on the same set practicing his sleight-of-hand by removing wrist watches from bystanders (a guy can get into trouble doing that).

Fred MacMurray consuming three of 20 pies for a film scene. . . . Humphrey Bogart walking unnoticed around Warners in his dark glasses and deep tan. His comment: "These glasses are handy when you go near Jack Warner; all he can see is his own reflection."

CAPITOL THEATRE

A cross-combination of happy coincidences is sure to spell good luck for Twentieth Century-Fox's technicolor production of "Scud-a-Hoo! Scud-a-Hay!" if past successes are any criterion.

The picture, which is currently at the Capitol Theatre, stars June Haver with Lon McCallister. Walter Brennan heads the outstanding supporting cast.

June and Lon, the young sweethearts of the story, three years ago made their stellar debut in "Home in Indiana," which starred Walter Brennan in the top spot.

ODEON THEATRE

If you see anyone walking along the street chuckling to himself, it's very likely he's just come from the Odeon Theatre, where Columbia's hilarious new comedy, "The Mating of Millie," is being shown.

It's been a long, long time since we've seen a film which possesses as much charm, humor and entertainment as "Millie." The film co-stars Glenn Ford and Evelyn Keyes in "The Mating of Millie."

This would relieve the senators who sit on the committee of "a lot of disagreeable work."

The second suggestion came from J. F. MacNeill, Senate counsel, who studied the situation and, in a report, raised the possibility of the establishment of a federal court with jurisdiction over divorce and marriage.

In his final report of the session, Senator Aseltine said the committee recommended 295 divorces out of 331 petitions, all from Quebec.

(The other provinces have their own divorce courts.)

Of the others, two were rejected, six withdrawn and 28 were not ready to proceed.

He reported there were 18 divorces in Prince Edward Island last year, 207 in Nova Scotia, 236 in New Brunswick, 3,252 in Ontario, 665 in Manitoba, 509 in Saskatchewan, 881 in Alberta and 1,826 in British Columbia.

Senator Aseltine suggested another lawyer-senator be added to the three who now sit on the group.

Historians Recall Early History Of B.C.

Brian Donlevy In Rolling Romance

Not since "The Great McGinty" has Brian Donlevy had a role to compare with that which he portrays in Paramount's new comedy, "Our Hearts Were Growing Up," which is now at the York Theatre.

Donlevy is co-starred with Misses Gail Russell and Diana Lynn, two young-and-gray girls whose further delightful adventures are chronicled in "Our Hearts Were Growing Up." His part is that of a hard-headed bootlegger with a soft heart and a yen for culture.

ATLAS THEATRE

George Rigaud, who looks and acts the part of a polished continental on the screen, has made movies in five different languages. He is an Argentine by birth, a Parisian by training and a Hollywoodian by choice.

His role in Hal Wallis' Paramount thriller, "I Walk Alone," now at the Atlas Theatre, is only his third English-speaking performance, although he has more than 50 pictures to his credit.

Thriller Filmed In Full Color

Filmed against the majestic background of northern California's magnificent Mount Shasta country, Eagle-Lion's cinecolor production of "Red Stallion," a heartwarming and poignant story of a boy's devotion to his horse, begins a three-day engagement today at the Oak Bay Theatre.

The leading roles are played by Robert Paige, Noreen Nash and Ted Donaldson.

City Beaches Open; Flood Danger Remote

City beaches will be neither closed nor patrolled because of the flood conditions on the mainland, owing to the distance, time and great dilution between the Fraser River outlet and here, according to an announcement Wednesday by Greater Victoria district health officers.

"No danger is expected from this source," the statement read.

"It is recognized that floating debris of all types may cause inconvenience in some instances, but the presence of any actual danger from the source is considered remote."

Anyone seeing animal carcasses on or near the shore is asked to inform local health authorities immediately.

Carriers Score Highest Prices

NEW YORK (AP) — Railroad stocks left the rest of the market far behind today.

Several carrier issues scored the highest prices for the year or longer with gains stretching well over a point.

Other groups muddled along, most within fractional distance of the previous close. The progress, if any, of the soft coal negotiations tended to dampen enthusiasm.

Hights for the year were posted for Central of New Jersey, Southern Pacific, Southern Railway, Illinois Central and Gulf Mobile and Ohio. Patino Mines also reached a high following a boost in the dividend rate this week.

Canadian issues were mostly higher. Canadian Pacific added 3% and Distillers Seagrams added 3%. Dorf Mine eased 3% and Hil-ram Walker was unchanged.

Dow Jones closing stock averages:

30 industrials 192.15, off 0.19

20 rails 61.38, up 0.47

15 utilities 35.88, off 0.12

65 stocks 70.89, up 0.07

Total sales, 1,520,000.
